# Fee Management Console

## Quickly view and painlessly manage your fees

Managing fees and fee reversals at your credit union can be a bothersome task for any staff member. At CUTEK, we saw a prime opportunity to streamline this process by creating the Fee Management Console. This unique product displays all fees charged to your member's account for your staff to quickly view and painlessly manage.

### Fee Management Console's features include:

- All options are configurable by your credit union
- Tracks fees already reversed
- Notifies you if you're not allowed to reverse a particular fee
- Provides easy-to-use interface to reverse all fees or individual fees with just a few clicks
- Handles GL accounts automatically so your staff doesn't have to figure out which GL to use
- Automatically handles Reg Z fee reversals
- Can be customized to disallow reversals based on fee type, over a certain number or dollar amount, or based on any custom criteria
- Includes standard reports so you can monitor your fee activity by branch, user or type of fee for both postings and reversals
