More functionality of Symitar's standard history

Enhanced NTMC History is a crisper, cleaner "look and feel" view of your credit union's transaction history, providing more feature functionality of Symitar's standard history. Easier to read with drill-down capabilities for more detail on specific types of transactions and multiple search options within the same history page, Enhanced NTMC History requires less screens to go through — which means fewer clicks of the mouse and the ability to view check images.

Features:

- > Clean, readable display of history
- > Collapsed additional comments
- > Share and Loan selection unified into a single screen
- > Single screen for viewing history and changing options (ID, date ranges, filters)
- > Powerful filtering of transactions by Deposit, Payment, ACH, ATM, POS, etc.
- > Sortable columns
- > Mobile phone compatible
- > Expandable and "compressable" screen customizations

Services

- Custom Programming
